

# Litter bins Estonia

Advertisements on litter bins are among the most popular outdoor formats in the cities of Tallinn and Tartu. 1800 spaces await you in Tallinn, and 200 in Tartu. Big number of constructions, dense coverage, best locations and excellent positions make this advertisement most visible for pedestri-

ans and drivers. The format has a practical extra value being a recycle bin, which guarantees that people can literally touch your advertisement. Advertising on litter bins offers a high recognition at a low rate!

# Litter bins Estonia

The litter bins are available in the following cities:
